

## Albo d'Oro dei risultati dei Campionati Europei (1992-95) e Mondiali di Agility (1996-2010)

Ricordiamo che fino all'anno 2001

- le categorie small (<35) medi (35-43) e large (>43) non esistevano ; la suddivisione era in MINI (<40) e STANDARD (>40)
- le squadre erano formate da 4 binomi ; per ottenere i risultati si scartava il peggiore per ogni squadra ( si poteva verificare quindi che, per assurdo, un team da 4 con un eliminato e 3 netti potesse vincere rispetto a un team con 2 netti e due percorsi con 1 penalità) .

Dal 2002 si passò all'attuale divisione in classi SMALL MEDIUM e LARGE e aumentando il numero di podi fu giocoforza ridurre le squadre a 3 binomi per esigenze di tempo.

Quindi i risultati riportati nella classe small fino al 2001 sono in realtà i risultati della vecchia classe "MINI", per questo i risultati della classe MEDIUM partono dal 2002
